C I R C U L A R

Sub: Subscription of Scopus online database at the Health Sciences Library

This is for the kind information of all the faculty members, postgraduate and undergraduate students that the **Scopus** online database (<http://www.scopus.com/home.url>) has been subscribed at the Health Sciences Library, Manipal University, Manipal and same can be accessed in intranet environment anywhere in the MU campus (Health Sciences Institutions) at Manipal through the **ERMSS** via Health Sciences Library web site i.e. <http://172.16.19.80/lib/index.asp>.

Scopus is the largest abstract and citation database of research literature and quality web sources. Scopus provides superior support of the literature research process. Updated daily, Scopus offers nearly 16,000 peer-reviewed journals from more than 4,000 publishers, including coverage of 16,000 peer-reviewed journals includes over 1,200 open access journals, 600 trade publications, 200 book series, 33 million records, of which 16 million records include references going back to 1996, 17 million pre-1996 records go back as far as 1841, results from 275 million scientific web pages, 21 million patent records from 5 patent offices, 'articles-in-press' from over 3,000 journals. One can find out how many citations an article or an author has received and Scopus offer an easy-to-use, reliable abstract and citation database to the users.

Further, brief descriptions about the other subscribed online databases with the access point and resources accessible electronically have been provided in the enclosed sheet. All the faculty members and students are hereby requested to make use of the online databases accessible at the Health Sciences Library.
