

# Question Paper

Exam Date & Time: 05-Jan-2021 (10:00 AM - 01:00 PM)

## MANIPAL ACADEMY OF HIGHER EDUCATION

FIFTH SEMESTER BASLP DEGREE EXAMINATION - JANUARY 2021  
SUBJECT: B 5.1 - STRUCTURAL ANOMALIES AND SPEECH DISORDERS  
(2017 SCHEME)

Marks: 100

Duration: 180 mins.

Answer all the questions.

- |     |                                                                                  |      |
|-----|----------------------------------------------------------------------------------|------|
| 1)  | Explain the causes of carcinoma of tongue and mandible.                          | (20) |
| 2)  | Elucidate the associated problems associated with total laryngectomy.            | (20) |
| 3)  | Discuss the feeding management of cleft lip and palate.                          | (10) |
| 4)  | Elucidate the speech and language problems associated with cleft lip and palate. | (10) |
| 5A) | Elucidate the psychological problems associated with mandibulectomy.             | (5)  |
| 5B) | Explain surgical management for mandibulectomy.                                  | (5)  |
| 5C) | Explain advantages and disadvantages oesophageal speech.                         | (5)  |
| 5D) | Discuss the prosthetic management of glossectomy.                                | (5)  |
| DE) | Explain Pierre Robin syndrome.                                                   | (5)  |
| 5F) | Explain symptoms of laryngeal cancer.                                            | (5)  |
| 6A) | Passavant's ridge                                                                | (2)  |
| 6B) | CPAP                                                                             | (2)  |
| 6C) | Feeding obturator                                                                | (2)  |
| 6D) | Over jet                                                                         | (2)  |
| 6E) | ASAI speech                                                                      | (2)  |

# Question Paper

Exam Date & Time: 07-Jan-2021 (10:00 AM - 01:00 PM)

## MANIPAL ACADEMY OF HIGHER EDUCATION

FIFTH SEMESTER BASLP DEGREE EXAMINATION - JANUARY 2021  
SUBJECT: B 5.2 - FLUENCY AND ITS DISORDERS  
(2017 SCHEME)

Marks: 100

Duration: 180 mins.

Answer all the questions.

- 1A) Discuss rate of speech as a domain of fluency and the factors affecting it. (10)
- 1B) Describe the Lidcombe program. (10)
- 2A) Discuss any two constitutional factors that predispose an individual to stutter. (10)
- 2B) What is the Diagnosogenic theory? Explain its significance in assessment and management of stuttering. (10)
- 3) Describe the assessment procedure for a 12 year old child with complaint of dysfluent speech? (10)
4. For a person with cluttering, discuss the management strategies for:
- 4A) Articulatory errors (5)
- 4B) Vocabulary and formulation (5)
- 5A) Describe Aprosodia Battery. (5)
- 5B) What is prescriptive parental counselling? (5)
- 5C) What are the treatment options for acquired neurogenic stuttering? (5)
- 5D) Give an account of the interpretation of SPI. (5)
- 5E) Why should quality of life be assessed in stuttering? (5)
- 5F) Discuss group therapy for adults with stuttering. (5)
6. Write briefly on:
- 6A) Loci of stuttering. (2)
- 6B) Disfluency vs. Dysfluency. (2)
- 6C) Fluency inducing conditions. (2)
- 6D) Motoric cluttering. (2)
- 6E) Easy onset. (2)

# Question Paper

Exam Date & Time: 09-Jan-2021 (10:00 AM - 01:00 PM)

## MANIPAL ACADEMY OF HIGHER EDUCATION

FIFTH SEMESTER BASLP DEGREE EXAMINATION - JANUARY 2021  
SUBJECT: B 5.3 - PAEDIATRIC AUDIOLOGY  
(2017 SCHEME)

Marks: 100

Duration: 180 mins.

Answer all the questions.

- |     |                                                                                      |      |
|-----|--------------------------------------------------------------------------------------|------|
| 1)  | Write on development of auditory system from periphery to cortex                     | (20) |
| 2)  | Write a note on speech audiometry in paediatric population- importance, modification | (20) |
| 3)  | Write the ABR protocol used for neonatal hearing screening                           | (10) |
| 4)  | Write a note on VRA and its modification                                             | (10) |
| 5A) | Factors affecting OAE in paediatric population                                       | (5)  |
| 5B) | Add a note on play audiometry                                                        | (5)  |
| 5C) | Write the need and requirements for universal newborn hearing screening              | (5)  |
| 5D) | Consequences of unilateral hearing loss present in early childhood                   | (5)  |
| 5E) | Write on auditory profile of ANSD in children                                        | (5)  |
| 5F) | Incidence and prevalence of auditory disorders in children                           | (5)  |
| 6A) | Critical age                                                                         | (2)  |
| 6B) | Neuroplasticity                                                                      | (2)  |
| 6C) | Bone conduction speech audiometry                                                    | (2)  |
| 6D) | High risk register                                                                   | (2)  |
| 6E) | Play audiometry                                                                      | (2)  |

# Question Paper

Exam Date & Time: 12-Jan-2021 (10:00 AM - 01:00 PM)

## MANIPAL ACADEMY OF HIGHER EDUCATION

FIFTH SEMESTER BASLP DEGREE EXAMINATION - JANUARY 2021  
SUBJECT: B 5.4 - AURAL REHABILITATION IN CHILDREN  
(2017 SCHEME)

Marks: 100

Duration: 180 mins.

Answer all the questions.

- |     |                                                                                                   |      |
|-----|---------------------------------------------------------------------------------------------------|------|
| 1)  | Write in detail about the barriers to acoustic accessibility and ways to overcome those barriers. | (20) |
| 2)  | Elaborate on auditory verbal therapy.                                                             | (20) |
| 3)  | Write short notes on Individual family service plan.                                              | (10) |
| 4)  | Importance of family involvement in training hearing impaired children.                           | (10) |
| 5A) | Write about the factors affecting auditory development.                                           | (5)  |
| 5B) | Write about the issues faced by children with mild hearing loss and unilateral hearing loss.      | (5)  |
| 5C) | Write about issues in children with hearing loss and other special needs.                         | (5)  |
| 5D) | Write short notes on auditory training for infants.                                               | (5)  |
| 5E) | Write short notes on auditory oral approach.                                                      | (5)  |
| 5F) | Write about early intervention programs available for hearing impaired children.                  | (5)  |

6. Write short notes:

- |     |                      |     |
|-----|----------------------|-----|
| 6A) | Sensitivity period.  | (2) |
| 6B) | Total communication. | (2) |
| 6C) | Synthetic training.  | (2) |
| 6D) | Residential schools. | (2) |
| 6E) | Vocational training. | (2) |
