- ✍ Any missing data as found appropriate may be suitable assumed and stated.
- ✍ Provide the drawings to a suitable scale.

1. You have a client who is very fond of collecting and watching movies. Your client desires a home theatre for his new mansion. In this context, provide an Interior Design scheme for the same in a given space of 7m × 5.5m. Provide adequate space for seating for minimum 5-10 persons. The space is also centrally air-conditioned. Provide the following drawings:

- 1A. Concept or Theme with sketches
- 1B. Detailed Furniture plan
- 1C. Reflected ceiling plan with lighting fixtures
- 1D. Two sectional elevations
- 1E. Any one detail of your choice (flooring, ceiling or furniture).

(10+12+12+12+4 = 50 marks)

2. Your client desires to have a separate guest room to host his guests frequently. He also wishes to have a bar counter in the room. Design a recreational/guest room in a space of 8m × 5m. The room should have adequate space for a bar counter and also comfortable seating space. The room is centrally air conditioned and the clear height is 3.5m. The drawing requirements are as follows:

- 2A. Concept or Theme with sketches
- 2B. Detailed Furniture plan
- 2C. Reflected ceiling plan with lighting fixtures
- 2D. Two sectional elevations
- 2E. Any one detail of your choice (flooring, ceiling or furniture)
