- g) In Pavlov's Classical conditioning experiment, salivation to the bell was: (1)
 A) Conditioned stimulus B)
 Conditioned response
 C) Unconditioned stimulus D)
 unconditioned response
- h) New operant behavior is usually best established by using (1)
 _____ reinforcement schedule.
 A) Fixed ratio B) Variable ratio C) Fixed interval D)
 Continuous
- i) Teaching a dog to jump through a flaming ring involves the (1)
 process of:
 A) Systematic desensitization B) Shaping C) Classical
 condition D) Observational learning
- j) Memories are permanently stored in: (1)
 A) Long term memory B) Short term memory C) Sensory
 memory D) Mnemonic devices
- k) The curve of forgetting was given by: (1)
 A) Thorndike B) Sternberg C) Ebbinghaus D) Binet
- l) Rules used in problem solving are called: (1)
 A) Heuristics B) Algorithms C) Analogy D) Trial & error
- m) 'Structure of Intellect' given by: (1)
 A) Sternberg B) Spearman C) Guilford D) Thurstone
- n) Most intelligence test measure _____ intelligence (1)
 A) Crystallized B) Fluid C) General D) Specific
- o) The formula for IQ is given by: (1)
 A) Stern B) Binet C) Terman D) Spearman
- p) Motivation results in (1)
 A) Goal directed behavior B) Excited behavior C) Problem
 solving behavior D) Creativity
- q) According to Maslow, growth need is: (1)
 A) Biological need B) Safety needs C) Security Need D)
 Self-actualization need
- r) Physiological changes leads to experience of emotion (1)
 according to:
 A) Cannon Bard theory B) James Lange theory C) Activation
 theory D) Two factor theory
- s) The key judgment about the nature of potentially stressful (1)
 events is known as:
 A) Assessment B) Consideration C) Appraisal D) Evaluation
- t) 16 Personality Factor Questionnaire was developed by: (1)

A) Murray B) Cattell C) Jung D) Allport

2) **Write very short note on:** (20)

- i) Structuralism
- ii) Law of closure
- iii) Cataplexy
- iv) Punishment
- V) Forgetting
- vi) Functional fixedness
- vii) Self-actualization
- viii) Emotion
- xi) Libido
- x) Conformity

3) **Write short note on:** (20)

- i) Experimental method in Psychology
- ii) Binocular cue
- iii) Any two disorders of sleep
- iv) Systematic desensitization

marks)

4) **Write short note on:** (20)

- i)Types of Rehearsal
- ii)Stages of creative thinking
- iii)Drive theory of motivation
- iv)Effective management of stress

)

5) Discuss the major constructs and schedules of reinforcement in Operant conditioning (10)

A)

B)

Explain any two psychological theories of motivation (10)
